TERHI - THE BOAT OF YOUR LIFE.

Terhi is a safe choice and it maintains its value much longer than other similar boats.

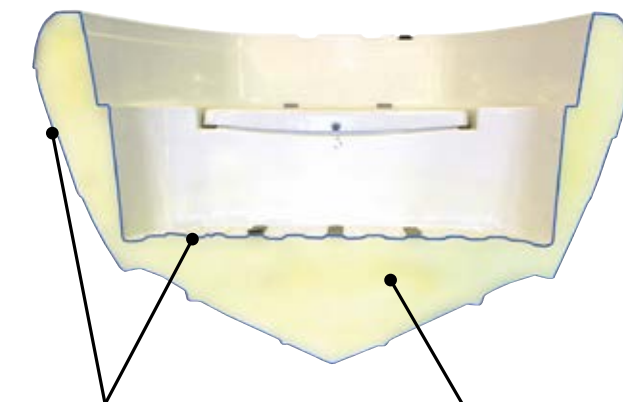

The unique sandwich construction

All Terhi boats are made out of two separate ABS-plastic shells, which are vacuum formed under immensely high temperature. The space in-between the two shells is then filled with a non-absorbent polyurethane foam. This sandwich-like construction makes Terhi boats not only unsinkable, but also very long-lived and remarkably safe to use. The ABS-plastic is extremely impact- and weatherproof, and

thus perfect for boats. The high finish and our attention to details sets us apart from many other row and motor boat manufacturers.

Inner and outer surfaces of these light-weighted and easily portable boats are smooth and seamless which makes them also easy to maintain clean. In addition to the boat's beautiful and neat appearance, Terhi stands out also with its wide range of accessories.

Two vacuum formed shells from strong and smooth, shock and weather proof ABS-plastic

Hull filled with non-absorbent polyurethane foam. This makes the boats unsinkable.

THE BIGGEST BOAT MANUFACTURER IN SCANDINAVIA

Terhi boats are designed and manufactured in the small fishing village of Rymättylä in southwestern Finland. Thanks to the unique manufacturing method and innovative product development, Terhi has established itself as a popular and reliable, internationally recognized boat brand.

The broad Terhi model range includes the most popular and beloved rowing boats and motorboats, altogether 25 models. Terhi-boats have been manufactured since 1972 and nearly 230.000 units. Terhi offers a wide range

of spare parts and accessories, enabling customizing boats for your needs. Terhi is a safe choice, not only due to its method of manufacture, but also because of the durability and the fact that Terhi-boats maintain their value much longer than other similar boats. We strive to continuously develop boats that are both durable, appreciated and aesthetically pleasing to the eye, boats that offer their users unforgettable experiences regardless of where in the world they are used, at sheltered lakes or open sea.

**PROUDLY
MADE IN
FINLAND**

All Terhi-boats are designed and manufactured in Finland, which we are very proud of. All the boats are the finest Finnish quality.

Terhi Tender is excellent as a help dinghy or yawl for a larger boat or as the first boat for the family’s youngest skipper. Handy and effortless to row, easy to lift and travels well after a bigger boat without slowing the pace. Thanks to its cat-amaran-hull, Tender is extremely stable and secure. Under the seat, which is in lengthwise direction, is a lockable space for oars and other accessories.

TECHNICAL DETAILS

Length	235 cm
Width	130 cm
Weight	55 kg
Number of passengers	2
Recommended engine power	2–3 hp
Engine power max	2,3 kW/3 hp

723515-TER	Harbor cover
7390320-TER	Pulling rope
7600-TER	Telescopic paddle 100-157cm

A lightweight rowing boat, that also runs happily with a small outboard engine. Its handy size and light weight makes Sunny easy to transport for example on the roof of your car or in a davit of a larger boat. Not only is it perfectly suited for fishing, but it also functions well as a seabird-hunter’s base.

TECHNICAL DETAILS

This long-awaited successor to the model range favourite Terhi 385, is a sturdy rowboat that is directionally stable and easy and comfortable to row. The Terhi 390 is possible to row from both the middle bench and the bow seat, and there are footrests on the interior deck for rowers of different length. Also runs well with a small combustion or electric outboard engine. Terhi 390 is available in pure white and green with white interior.

** Fits under the bow-, middle- and rear seat

An excellent boat for island retreats. Reliable, simple and inexpensive, Terhi 400 travels well with a 6-15 hp outboard engine but is also possible to row, both from front and middle bench. Stability, ease of use, good running performance and durability makes Terhi 400 a safe boat to use. The boat can easily be pulled up on land and it has very good storage facilities. Oars, fuel tank and battery can be stored and locked. Rope boxes are in both corners in the aft. Available in pure white or verde color (outer shell green/inner shell pure white).

TERHI 440

A generously sized rowing boat that can be fitted with an outboard motor. Thanks to the wide hull, Terhi 440 is very stable and the carrying capacity is far more than in most boats of similar size. Commuting from one place to another, the boat carries safely even larger loads to and from the summer house or cottage. When fishing it does not rock, nor roll when the nets are set or when the catch is lifted into the boat. Lockable storage spaces are available in both bow and stern, and the middle bench can be adjusted in lengthwise direction or disconnected and removed if necessary. Available in pure white or verde color (outer shell green and inner shell pure white).

TECHNICAL DETAILS	
Length	440 cm

TERHI SAIMAN

Terhi's version of the traditional Finnish rowing boat. This open boat moves easily and smoothly, with oars or by engine, but it is much easier to maintain than traditional rowing boats. Saiman's strong sandwich hull of ABS-plastic can withstand hard impacts much better than boats made out of wood or fiberglass. This carefree boat has room for two sets of oars and a small outboard engine. Lockable storage spaces are also available in this model, and Saiman also has a middle-bench that is adjustable. Available in pure white, verde color (outer shell green and inner shell pure white) and full green.

TECHNICAL DETAILS

Saiman is Terhi’s version of the traditional Finnish rowing boat. The hull shape ensures smooth and easy movement through calm waters either with oars or by engine. Pair the Saiman model with an electric outboard engine for a quieter and more environmentally friendly fishing or hunting boat. In the Hunter model the hull is green both outside and in.

Terhi 450 is a tiller-handled version of the 450 product family. 450 has an aluminum reinforced stern transom. The reinforced transom makes it possible to mount even a 40 hp outboard engine, which gives you as the boat user a heap of new dimensions. Terhi 450 is a versatile allrounder suited just as well for short sea transfers and family daytrips, as for setting fishing nets with and transporting bulky goods and building materials to the summer house.

Terhi 450 CC is a true all-rounder equipped with a practical center console. It is extremely stable and balanced, and is thus especially suited for access and transport boating, as well as for different kind of recreational fishing. The safe, unsinkable construction makes this a good option also for the family’s younger skippers. On the new, reinforced stern transom an outboard of up to 40 hp can be mounted, which particularly improves the carrying capacity.

TERHI 450 Sloep

Terhi 450 Sloep is an open boat tailored especially for Central European lakes and canals. With 450 Sloep it's more about the sea voyage than the destination, as you can sit back and enjoy the journey in the comfortable u-shaped sofa in the bow. A sunbed can also be mounted in the bow, making the summer days even more enjoyable. The boat has plenty of seating, so be sure to invite your friends and family along for the ride!

NORDIC 6020

Nordic 6020 is a seaworthy and popular all-round boat with extraordinarily good ‘work boat’ capabilities. The boat has received thanks for its high freeboard and utmost stability, making the boat very secure and safe to use for boaters of all ages. This also makes Nordic 6020 optimal as a commuter’s boat. Anglers highly praise Nordic 6020 for its open middle deck area, which makes it safer to move about in the boat while fishing. The boat even has a fish well with drainage, to hold all your catch, as standard.

NORDIC 6020 C

The console boat Nordic 6020 C is directly related to the fishermen’s favorite boat. As well as its role model, Nordic 6020 C is also very safe and secure on the water regardless of the weather. If more seating is potentially needed, the side storage compartment’s lid can be folded over to form a middle bench. Included as standard are, among other things, a bilge pump, high bow rails for easy boarding and readiness for navigational lights.

TERHI 480 TC

Terhi 480 TC is a compact double console boat that is driven sitting on the stern bench. This layout gives you plenty of free space in the bow, suited for transporting of large loads and bulky goods, or even for recreational fishing. Behind the wide windshield 2-3 adults travel comfortably, sheltered from wind and sea sprays. 480 TC is a safe but fun and peppy motorboat that runs in a balanced matter with excellent driving properties.

Terhi 480 BR is a versatile bow rider and the flagship of the Terhi model range. The pure white hull color combined with the classic grey cushions make Terhi 480 BR a timeless and stunning package. The driving characteristics and performance are extremely good in comparison to its rather compact size, and offers a lot of fun on the water. The triple ABS sheet construction makes 480 BR both sturdy, practical and safe to operate. Good shelter for the cockpit is offered by the double steering consoles and a steady middle door.

The 480 Cabin is a version of the Terhi 480 hull equipped with a hardtop-like cabin, that is easy to walk through due to a door in the front and the cabin's open back wall. Inside the cabin the driver and co-driver travel in padded comfort seats, while additional passengers sit on the stern bench. The whole stern deck can be equipped with an additional stern canopy, giving also the passengers good shelter from wind and sea sprays. Walkability from bow to stern, a large openable sunroof and a spacious layout in relation to its compact size, are some of the novelty's biggest assets.

TECHNICAL DETAILS

Length	475 cm
Width	185 cm
Weight	440 kg

TERHI 480 CC

The 480 CC, featuring a sleek gray hull, was originally designed at the request of Norwegian consumers seeking a nimble, lightweight, and easily handled boat for coastal fishing and versatile transport needs. The center console provides excellent balance even when operated solo, and the large open area in the bow is suitable for a wide range of uses.

TERHI 450 SLOEP *edition*

Das Terhi Sloep nutzt die Vorteile des Terhi 450 – dem Alleskönner und beliebten Freizeit- und Angelboot. Die neue Sloep Edition ist auf gemütliche Ausflüge in geselliger Runde spezialisiert. Das geräumige Boot bietet mit viel Sitzfläche jedem Familienmitglied Platz. Auf ruhigen Gewässern, wie unseren Seen, ist es mit 15-20 PS ausreichend motorisiert, um die Fahrt bei entspannter Geschwindigkeit zu genießen. Passend zu Sonntagsausflügen macht das Terhi Sloep auch optisch Eindruck mit Steuerrad und Schalthebel in Edelstahl-Ausführung. Das graue Bodenlaminat bietet einen sicheren Stand und der kleine Mittelsteuerstand viel Bewegungsfreiheit.

AUSSTATTUNG INKLUSIVE

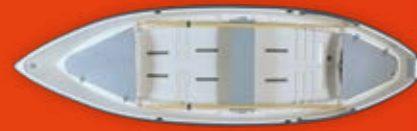

- 4 abschließbare Stauräume, 5 Sitzbänke, Ablageflächen
- Lenzventil
- Badeleiter
- Dollenhalterung, Spiegelplatte, vier Klampen, Bugöse
- Vorinstallation für Navigationsbeleuchtung
- Batteriekasten mit Hauptschalter
- Mittelsteuerstand mit Einhebelschaltung und Lenkrad

EXTRAS EDITION INKLUSIVE

- Hohe Heckreling mit Polster
- Sitzkissen für die Fahrerbank mit Armpolster
- U-förmige Sitzbank am Bug mit Polsterung
- Liegefläche Holzauflage und Polster
- Laminatboden Grau mit schwarzen Fugen
- Edelstahl Lenkrad

TERHI SAIMAN CLUB

Entdecken Sie den ultimativen Genuss auf dem Wasser mit unserem innovativen Ruderboot!

Ausgestattet mit einer praktischen Badeleiter, gelangen Sie mühelos ins kühle Nass. Das Sonnendach bietet Ihnen den perfekten Schutz vor der Sonne. Für entspannte Stunden auf dem Wasser sorgt die großzügige Liegefläche, ideal zum Relaxen und Sonne tanken. Egal ob für einen Tag mit der Familie oder ein Ausflug zu zweit – unser Ruderboot vereint Komfort und Stil.

TERHI 440 lake edition

Terhi 440 lake edition – mit extra großer Liegefläche

Mit der Sonderedition „lake edition“ erhält das Terhi 440 eine extra große Liegefläche zum Sonnen und Entspannen auf dem Wasser. Die Terhi 440 ist ein robustes Ruderboot und ein Raumwunder. Bei Bedarf kann das Boot mit einem Außenborder oder einem Elektromotor ausgestattet werden. Dank seiner Rumpfbreite ist das Terhi 440 sehr stabil. Es hat abschließbare Staumöglichkeiten im Bug und Heck sowie eine in der Längsrichtung verstellbare und abnehmbare Mittelducht.
